

# Data Loading Solutions for Oracle EBS

Combine the Power of Excel and Oracle to Release  
Talented Staff from Repetitive Data Entry Tasks

Imagine...

- A single Excel spreadsheet solution
- More time to review data to drive better decisions
- The ability to automate data manipulation in mass
- Quick response to requests or changes
- A secure and trusted integrated product
- Easy access to Oracle ERP data
- Empowering your teams with self-service capabilities

Streamline your tasks in Oracle EBS with simple yet powerful Excel-based solutions, achieving significant time and cost savings.

Transform the way you work with Oracle EBS, an out-of-the-box, single spreadsheet solution

Data is at the core of your business and without the right tools in place, you’re at risk for inefficiencies, inaccuracies, and dependencies on other resources. There is a better way.

More4apps: The Best of Both Worlds

More4apps offers a secure, integrated connection to your live Oracle E-Business Suite or Oracle Fusion Cloud ERP data and ensures the accuracy of your data loading and analysis, all through an Excel interface.

Single Spreadsheet = Game Changer

- ✓ Download ERP data into Excel spreadsheets
- ✓ Find and fix errors
- ✓ Validate data
- ✓ Upload data back into Oracle
- ✓ Carry on with your day!

Conduct real-time pre-validation checks and upload data back into Oracle via the Public Interfaces and APIs

Key Functional Areas

- ✓ Projects
  - ✓ Finance
  - ✓ Procure to Pay
- ✓ Human Resources
  - ✓ Order to Cash
  - ✓ System Administration
- ✓ Inventory
  - ✓ Development Platform
  - ✓ Product Definition

How does More4apps stack up against the competition?

Our solutions empower end users by providing ownership of the entire data loading process. No familiarity or training needed of data interface mechanisms, as More4apps products seamlessly connect and integrate with Oracle EBS and Oracle Fusion Cloud ERP.

“Massive time saving, it now takes two days to complete tasks that took over two weeks.”

- Toyota Boshoku

Investing in the More4apps EBS Toolbox or Fusion Cloud ERP Toolbox offers many benefits to key business stakeholders:

Senior Management benefits:

- Decision making is supported by highly reliable, accurate data
- Improved efficiency within the data entry team, meaning reduced costs in terms of headcount
- Faster processing times for important business operating procedures
- Improved return on investment from Oracle

IT Team benefits:

- Releases IT specialist’s time to provide support with more technical tasks
- Enables stakeholders to better utilize Oracle systems, meaning fewer queries to IT Team
- Positively impacts data quality, governance and security
- Improves audit quality across the company

Management benefits:

- Reduces the amount of time spent on routine data processing, releasing more time for other important work to be completed
- Improves accuracy and offers the ability to easily detect and resolve data quality issues and errors
- Improves audit trail
- Allows employees to spend more time analyzing data and taking appropriate action, rather than being focused only on data entry

End User benefits:

- Enables users to complete their data inputting work more quickly and easily, using a familiar program
- Removes the need to work with Oracle forms which are not user-friendly or designed for mass data entry
- Easier to detect and amend errors or omissions in the data

# Why More4apps?

More4apps has been a trusted Oracle partner for over 20 years. **With 34,000 global users**, they are a market leader in Oracle ERP spreadsheet loading tools. More4apps specialize in software products that have been designed to help Oracle end users upload and download data.

More4apps strives to ensure their software is compatible with the latest versions of Microsoft and Oracle. The products are quick to install and easy to use. An experienced support team is available to assist with technical or functional issues relating to More4apps products or Oracle systems.

## Efficiency

Save time by pasting data from existing sheets into the More4apps interface for Oracle.

## Accuracy

Less manual data entry means better accuracy and more meaningful information for your organization.

## Productivity

Simple changes in business processes can deliver significant gains in productivity and capability.

## Security

Utilizing Oracle's secure web services and user authentication for uploads and downloads.

## Quick to Implement

Tools that work straight out of the box with a familiar Excel user interface.

## Ongoing Support

More4apps class-leading support team solve issues and manage customization requests in record time.
